

GRAPE VARIETIES

Sauvignon Blanc

APPELLATION

Bordeaux

ALCOHOL CONTENT

12.5% Alc/Vol.

SOIL

Limestone and clay soil with north exposure, deep and fertile.

Château Grand Renom Blanc 2018

Bordeaux

Château Grand-Renom is located at Eynesse. The 6.5 hectares of Sauvignon Blanc benefit from soils that fit white grape varieties: deep and fertile made of clay and limestone with north exposure.

VINIFICATION

Sauvignon quality was exceptional, with fine acidity in the berries and aromas of ripe fruit for added complexity. Sauvignon aroma propagators were extracted, thanks to light skin maceration of a few hours. Cold fermentation preserved all the potential and complexity of the vintage's aromas.

AGEING

Maturing on lees with some stirring, revealed the length on the palate and fleshiness of this wine.

TASTING NOTES

A rich and fruity wine, clear and intense in colour with an emerald hue. Intensely fruity with notes of citrus fruit (grapefruit, lemon) and blackcurrant buds. A fine balance between volume, fleshiness and acidity.

FOOD PAIRINGS

Shellfish and fish.

VINTAGE REPORT

Mechanical harvests have begun the 3rd of September
